

BUSINESS **PRESENTATION**

Company Profile

- Taiwan-based, **TPEX-listed** Company
- **Over 40 Years** of Industry Experience

- Market Cap: **Approx. NT\$135 Billion***
- Established Track Record with **Leading Global Companies**

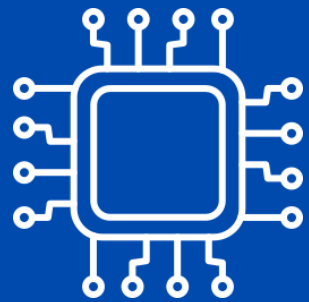

A diversified industrial group with businesses spanning **semiconductor, renewable energy** and **automotive components**.

*As of early September 2026

The official company presentation will be shared when it becomes publicly available.

Business Portfolio

Semiconductor

Providing Wafer Solutions for the Full Spectrum of Semiconductor Applications, from mainstream to advanced technologies (AI & HPC).

Renewable Energy

Helping businesses achieve their energy transition goals through comprehensive, end-to-end renewable energy solutions.

Automotive Components

Enabling vehicle electrification through automotive electronic and power components.

The official company presentation will be shared when it becomes publicly available.

Semiconductor Subsidiary

Market Position

- **One of the World's Top Three** Semiconductor Wafer Suppliers
- TPEX-listed Company
- Market Capitalization: **Approx. NT\$645 Billion***

Global Footprint

- **18 Sites** across **9 Countries**
- **Asia**, the **Americas**, and **Europe**
- Global Manufacturing Network

U.S. Manufacturing Presence

- Texas: **300mm Silicon Wafer** Facility
- Missouri: **300mm Advanced SOI Wafer** Facility
- Supporting U.S. Customers through **Local Manufacturing**

Customer & Product Portfolio

- Established Supplier to **Tier 1 Semiconductor Customers**
- Polished, Epitaxial, SOI and FZ Wafers
- Compound Semiconductor and Specialty Wafers

*As of early September 2026

The official company presentation will be shared when it becomes publicly available.

Renewable Energy Subsidiary

- An integrated one-stop platform spanning **power generation, energy retail, energy storage, and energy efficiency** to deliver comprehensive renewable energy solutions.
- Proven experience serving leading global companies in Taiwan and overseas markets.
- Backed by a strong group credit profile, with issuer **credit ratings of twAA- (long-term) and twA-1+ (short-term)**.

*As of Q1 2026; Taiwan operations only.

The official company presentation will be shared when it becomes publicly available.
